United States District Court

Re: *Vectren Communications Services Inc. v. City of Alameda*

Dear Judge Illston:

We write in response to Mr. Elder's letter of March 20, 2009. VCS requests either an opportunity to respond in 2 pages or less to AP&T's misperceptions (i) about the business of VCS and its parent corporation (Vectren Corporation), and (ii) as to what documents exist, their relevance and the ease with which they can be produced, or a hearing so that these issues can be discussed and the parties' dispute narrowed.

Very truly yours,
